Paradise®

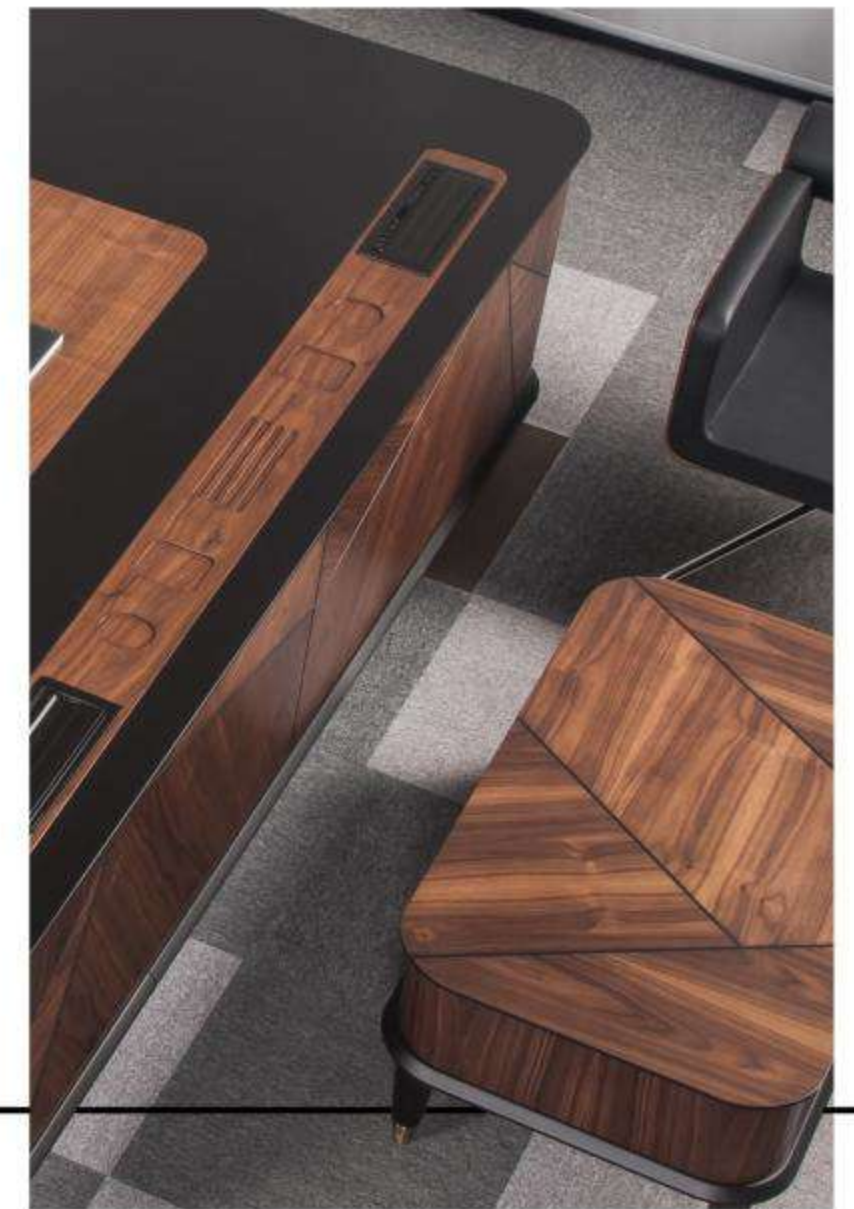

The Paradise Executive Special Series is a design that materializes the contemporary and comfortable executive rooms you dream about thanks to its details that do not give up on functionality, and different equipment units that can be integrated when needed.

**TURK
PATENT**

The Paradise Executive Special Series is a design that materializes the contemporary and comfortable executive rooms you dream about thanks to its details that do not give up on functionality, and different equipment units that can be integrated when needed.

Paradise Executive furniture collection is designed to fully meet the needs of office management. The richness of the work tops and the quality of the finishing underline the managerial nature of the product.

Powerful ideas for productive and committed managers against changing office dynamics are reflected in the TRIO Desk.

Paradise[®]

Paradise Executive Office Desk is designed in classical style for executive offices. It is therefore ideal for management level, directors and prestigious clients.

Paradise Executive Office Desk boasts eye-catching special patterns that are produced by special laser cut technique and applied on table top, front panels, sideboards and coffee table.

The Paradise product family is also composed of meeting table, storage systems and TV units.

Panama®

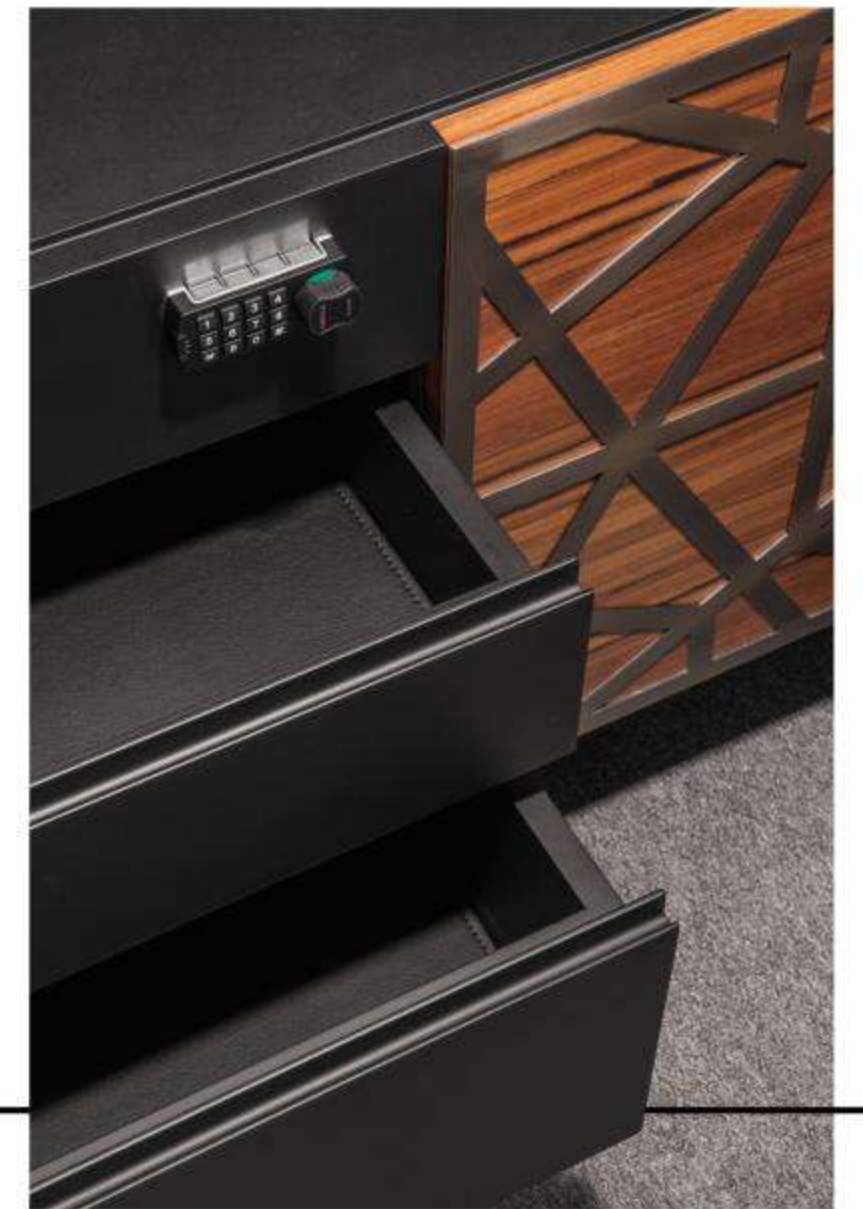

Panama Executive Desks are comfortable, tactile and aesthetically impressive. A high-end office furniture range. Panama adds elegance to any environment with its details installed on plain forms, as well as its eclectic structure.

**TURK
PATENT**

The Panama Executive Desk range reflects the evolution of traditional executive furniture, moving towards a more modern aesthetic, which is in keeping with new trends in light and avant-garde spaces.

Panama Executive Desks is part of a high-end office furniture system consisting of various executive desk furniture and conference tables.

Panama Executive Office Desk Custom Made natural wood veneer. Along side fundamental requirements that can be defined as flexible and functional workspaces, the various needs and the desires of self-expression of users who has management within their job description should be addressed with unique solutions.

Panama[®]

The free-standing tables have oval or circular shapes (diameter 120 cm) and are built with a rounded, lacquered lower support in MDF in the same or a contrasting colour. The choice of the wood colours and veining is the result of painstaking research in the materials to be used. Surface tonality, carefully selected with attention to its feel, is enhanced in the repetition of colour tones, the details in each item of furniture and the steel structures Black and brown, the chromed and total bronze metal.

Offering ease of use to executives with movable desk pads, shelving units with special digital lock system, and secret compartments, Panama brings in advanced level comfort to office life thanks to its many other well-thought-out features.

Palm®

Palm Executive Office Desk demonstrates the materiality of the Ofram wood veneer. Palm adds elegance to any environment with its details installed on plain forms, as well as its eclectic structure.

**TURK
PATENT**

Palm Collection, A reinterpretation which lead to the creation of the Palm Group Executive Desk, a range which is characterised by its elegance of straight lines and a pleasant harmony of shapes.

The Palm Group Executive Desk, within this collection, features an elegant and classic design characterised by its multilaminar wood veneer top (available in Ofram and brown painted) which stands on two drawn metal profiles with Bronze finish.

Palm Executive Office Desk demonstrates the materiality of the Ofram wood veneer. Palm adds elegance to any environment with its details installed on plain forms, as well as its eclectic structure.

Mini Bars Fridge in two different sizes of 40 litre and 30 litre in unbeatable and competitive prices.

Palm[®]

Designed to fulfil the user's requirements, the Palm Group Executive Desk comprises an integrated wiring system with a pair of Table box with USB grommets and a metal cable tray underneath the top (suitable for containing a socket).

Designed to appeal to collectors as well, Palm demonstrates this characteristic in the optional trays and the display windows used next to the desk, over the drawers or cabinets. These units are areas where users express themselves.

Palm®

Granting a great working support and an organised environment, the Palm Group Executive Desk is fitted with a flip door comprising an integrated cable raceway.
